GIANT CRAB — E.L. Manuel of Pascagoula holds a Blue Crab that measures 20 inches from claw tip to claw tip. Manuel, born and raised around this water, said that it is the largest crab that he has ever seen in this area. It was caught by a commercial crabber southwest of the shipyard. Manuel plans to preserve the crab for viewing at Martin's Seafood Market in Pascagoula.

Mustard gas disposal

Wiley J. "Red" Moody (left) and Emile Manuel, both of Pascagoula, look over certificates of appreciation they received for helping dispose of German mustard gas on Horn Island just after World War II. The former Corps of Engineer

employees who helped move supplies to soldiers assigned to the island during the war said they were aware of germ warfare experiments but as far as they know there was no atomic testing. (Staff Photo by Jerry Moulder)

MANUEL

Emile Leon "Paw Paw" Manuel, 82, 1919 Old Mobile Hwy., Pascagoula, died Wednesday, April 21, 1993 in Singing River Hospital. Born Dec. 9, 1910 in Gulfport, Mr. Manuel had been a resident of the Gulf Coast for 75 years. He was formally employed with the Corp of Engineers and was a member of Our Lady of Victories Catholic Church in Pascagoula. He was preceded in death by three sisters, Annie May Miller, Nita Kountz, and Ophelia Lee; and one brother, George Manuel.

Survivors include his wife, Mrs. Nellie Canfield Manuel, Pascagoula; two daughters and sons-in-law, Gaynell and Roy Martin and Martha and Danny Wall, both of Pascagoula; two sisters, Mrs. Troy (Marie) Tillman, Moss Point, and Mrs. William (Margaret) Dial, North Carolina; one brother, Theodore "Mr. Joe" Manuel, Pascagoula; four grandchildren, Roy Martin Jr., Leon (Brenda) Martin, Ernie (Lisa) Martin and Lisa Wall; four great-grandchildren, Britany Martin, Christie Martin, Lauren Martin and Matthew Martin.

Visitation will be Thursday, April 22, from 6-9 p.m. at O'Bryant-O'Keefe Funeral Home. Rosary will be recited at 8 p.m.

Funeral Mass will be Friday, April 23, at 2 p.m. at Our Lady of Victories Catholic Church in Pascagoula with Father Gerald Cleary officiating.

Interment will be in Machpelah Cemetery, Pascagoula.

Pallbearers will be grandsons, Roy Martin Jr., Leon Martin and Ernie Martin, nephews, Hugh Boddan and Robert Paul Manuel, and Jimmy Johnson.

Honorary pallbearers will be nephews, James Ladnier and Ray Joyner; and Jay Fletcher, Dr. Kenneth Ramsey and Joe Martin.

FIRE ALARMS ON MONDAY MORNING

A fire department was called
Monday morning about nine-
o'clock to extinguish a fire at
some of M. M. Flechas, corner
Oak and Magnolia street. The
was in the attic of the home
and gotten some headway when
fire boys reached the scene,
promptly extinguished, but not
e considerable hole had been
in the roof and ceiling of
lebas' home. The damage was
ated at about seventy-five dol-
lars to the house and some slight
age to the furnishings by water.
short while after the Flechas
an alarm was sounded for a
at the L. & N. Cafe, near the
nger station, which proved to
ly a fire fire, soon extinguished
any damage to the house.

Georgia, 17 per cent in Eastern Tex-
as, 24 per cent in Eastern Okla-
homa, and 34.7 per cent in Florida.
Only Gulf states with a lower per-
centage of default than Mississippi.

Arkansas ranks 10th in delin-
quency for 1933 among all
the states of the nation. In other
words, the percentage of delinquen-
cies was higher in 38 states than it
was in Mississippi. According to
these surveys, in 54 of our 82 coun-
ties, the percentage of delinquencies
was less than the general average
of 4.5 per cent. It was less than 1
per cent in 14 counties. By far the
greatest amount of forfeitures has
occurred in the cut-over pine sec-
tions of South Mississippi, where
timber companies have abandoned
large acreages, and in the Delta
section, where drainage and levee
taxes have added so greatly to the
tax burdens.

In 1934 we exempted the limited
real estate from all state taxes, and
more than 90 per cent of the tax-
payers have been benefited through
the reduction of the revenue
system, as I proposed to the Leg-
islature in 1934.

WORK ON BAPTIST CHURCH IS GOING AHEAD STEADILY

New Baptistry Will Be Used Next
Sunday. Roof of Building
Soon to Be Completed.

The work following vacation, is
starting off in a great way. Con-
gregations are large and members
are being received every Sunday.
The first Sunday three were re-
ceived by letter and one on pro-
fession of faith. Saturday Sunday
two were received by letter and one
on profession of faith. This makes a
total of 95 members received dur-
ing the fiscal Association year, be-
ginning October 1st, 56 of these
have been baptised.

Next Sunday the new baptistry
will be used, immediately following
the morning service. There are
several candidates in waiting. The
baptistry is being finished and will
be used for all baptismal services
from now on.

The money is being raised now for
framing in the roof of the auditor-
ium unit. It is the purpose of Dr.
Patterson to have the roof all com-
pleted before winter sets in. Then
the church will proceed to com-
plete the outside of the building.
As the announcement is made from
time to time, no debt is being in-
curred in this project. This is a
worthy project, and when completed,
will be not only a complete work-
ing plant, in which the congrega-
tion can carry on an efficient min-
istry, but an ornament to the city.
Occupying the public location, right
on the highway, it will attract the
attention of the many tourists that
pass this way. The people of the
city, who have in them the spirit
of enterprise, are aiding in a great
way by their favorable attitude and
financial contributions.

BAND MEMBERS HOLD WAR COUNCIL

Tuesday night about fifteen pros-
pective members of the proposed
brass band met at the Firemen's
Hall for a war council.

For efficiency and permanence of
the proposed organization, it was
pointed out by Rev. Wm. Wedg, a
trained leader must be obtained.
Rev. Wm. Wedg was prevailed upon
to accept the post as leader, right
the football season, but declines to
continue in that capacity, and sev-
eral professional band leaders are
being considered for the position.

The big problem the band is deal-
ing with, is finances. The cost of
the venture will be defrayed in part
from fees for lessons of beginners,
but the problem persists. Sugges-
tions are welcome.

In the meantime, another meet-
ing will be held at the Firemen's
Hall this Friday night at 7:30
o'clock. All prospective members
should bring their instruments with
them and whatever music they
have.

by the members. After electing a
speaker pro tempore, the House
shall proceed to elect a speaker
and two doorkeepers and a ser-
geant at arms.

The Senate is called to order by
present Lieutenant-Governor, who
will deliver the address to the
members. The Senate then pro-
ceeds to the election of a president
pro tempore, a secretary, a ser-
geant at arms and two doorkeepers.

Rules—Each House may determine
rules of its own proceedings. (Sec-
tion 55 of the Constitution). Usual-
ly the rules of the last House of
Senate are adopted for the tempo-
rary organization.

Membership—There are 140 mem-
bers of the House of Representatives,
and 49 members of the Senate.

Governor and Other State Officers
The term of office of all state
officers elected at a general elec-
tion for that purpose, except the
Governor, shall commence on the
Monday next after it shall be al-
lowed, as provided by Section 140
and 143 of the Constitution. (Sec-

STORM SURVIVORS' VIVID EXPERIENCE

Emile Manuel and Wife of Pascagoula Arrived Home Sunday
Morning. Spent Night of Storm Out in Open.
Clinging to a Small Mango Tree.

Mr. and Mrs. Emile Manuel of
Pascagoula arrived home last Sun-
day morning at 8:15 o'clock, by bus,
coming from Miami, Florida, to
which place they were taken as
refugees from the big storm that
passed over the lower part of Flor-
ida. Manuel and his wife left here
on June 16. Manuel to work as a
pipe fitter on a plant of reclama-
tion of sea water marsh, was being
erected for Lower Matecumbe Key,
where there were three camps of
veterans at work between that
point and Islamorada, building a
roadway and bridges between Low-
er-Matecumbe and Key West, 70
miles. There 761 men in the three
camps, many of whom were killed
or drowned.

This water plant was being con-
structed by the McVoy Engine De-
velopment Company of Mobile, Mr.
and Mrs. B. T. McVoy, Jr. and two
children, Mr. and Mrs. J. E. Hen-
derson and one child, Mr. C. K.
Hardy and Mr. and Mrs. Manuel
were in the party which were con-
structing the plant. They were al-
living in camp houses near the
construction work. Mr. McVoy and
his two children, and Mrs. Hender-
son and her son were killed by the
storm.

Manuel tells a harrowing story of
the storm, which he said, struck
the point where they were located
on Monday afternoon. By that
night it had blown away the houses
in which they all lived and they
took to the open, holding on to
bushes, trees or what they could
get hold of, to keep from being
blown away. Manuel and his wife
held on to a mango tree from nine
o'clock Monday night until six of
the next morning. They were whipped
about by the force of the wind,
which at times reached a speed of
more than a hundred miles an hour.
distill they were considerably worn
and bruised, and were almost en-
tirely naked, the wind having torn
nearly every piece of clothing off
their bodies.

After being rescued they were
taken in an ambulance sixty miles
to Homestead, Florida, where they
were placed temporarily in the Bat-
tist temporary hospital. From there
they were taken in a Red Cross
Ambulance to the

CONGRESSMAN SPEAKS AT ROTARY MEETING

Joint Meeting At Moss Point Glad
To Welcome Old Member
Home.

Congressman Bill Colmer made a
Rotary club meeting in Moss Point
yesterday, the meeting being a joint
one of the Moss Point and Pasca-
goula clubs. He expressed his hap-
piness at being at home among his
own people, after the strenuous ses-
sion of congress just adjourned and
spoke briefly of some of the ac-
complishments of the Roosevelt ad-
ministration, which were real ac-
complishments, despite the criticism
of some. He said that although
congress and the president had
made some mistakes, there was no
one who could truthfully say they
would like for the country to be in
the chaotic condition it was in 1933.

He was especially optimistic of the
results that would accrue from the
President's Social Service measure,
which would give the chance of re-
employment to the unemployed.
charge of Rufe Adams and
Cole of Pascagoula. The lighter
part of the program was several
songs, with guitar accompaniment
by Taft Howard.

It was decided to send a telegram
and some flowers to Jesse Thomp-
son of the Moss Point club, who
was operated upon Wednesday in
Johns Hopkins hospital in Balti-
more.

E. N. Parker and J. Von Reeder
were guests, and Alf Dantzier a
visiting Rotarian.

GARDEN LEADERS CONTEST CLOSED WITH EXHIBIT

Five of the eight leaders carry-
ing the garden contest with Chiche-
ster Company put on an exhibit
at the 4-H club market building on
Saturday.

The exhibits as rated by the
judges Mr. H. Gadeney of Ocean
Springs and Mr. G. L. Bond of
Moss Point, were as follows:
Mrs. Homer Wilson of Bayou Ca-
cote first; Mrs. Cora Kelley of
Port Raton second; Mrs. John
Haley of Hurley third; Mrs. Hubert
Gott of Big Point fourth; Mrs.
H. M. Mack of East Moss Point fifth.
The large exhibit was composed
of 20 varieties of different veg-
etables, the smallest 14.

Some of the vegetables common
to all exhibits were: Beans, pep-
pers, tomatoes, all kind of greens,
cucumbers, carrots, turnips, okra,
pumpkins, beans and squash. The
most unusual was the vegetable
exhibited by Mrs. Wilson.
The contestants will be graded on
the score card: 1. Efficiency of
garden, 40 points; 2. Leadership,
40 points; 3. Garden story, 30
points.

COLMER PROTESTS DEAD LINE FOR PWA PROJECTS

Congressman W. M. Colmer on
Wednesday sent the following wire
to the Secretary of the Interior,
which is self-explanatory. Up to
Thursday afternoon no reply to
same had been received.
Hon. Harold L. Ickes,
Secretary of the Interior,
Washington, D. C.
Understand that September sixth
was deadline date for submitting
applications for PWA projects.
Earnestly protest this and ask that
date be extended as Mississippi has
on the some seventeen million dol-
lars of state approved projects
which are badly needed. Unem-
ployment situation here acute and
approval of these projects would
mean much to state. Please inves-
tigate and advise.

HURLEY WOMAN DIES

Mrs. Ida Jones, widow of the late
Joseph Jones, a lifelong resident of
the county, died at an infirmary
in Mobile on Tuesday morning after
a short illness.
The remains were brought to the
family home in Hurley on Wednes-
day afternoon, where funeral ser-
vice was held, with interment in
Magnolia Springs cemetery.

Deceased is survived by two
daughters, Mrs. Walter Dumas of
Mobile and Mrs. Lamar Baria of

Watching a lifetime's dream come true

By JUDY JOHNSON
Coastlines Editor

A Pascagoula man enjoying his own sunset watched a dream from the mid-day of his youth come true recently, when the Tennessee-Tombigbee Waterway opened its locks to traffic.

Emile Manuel made the trip to Columbus for the ceremonies held to open the waterway officially. It was the first time the 74-year old Manuel had visited Columbus since the late '30s, when he worked on surveys for the project.

Manuel was employed with the offices of the Corps of Engineers, working out of Mobile, Ala., in 1937 and 1938, when he was assigned the survey work for the proposed waterway.

He said it was like watching a dream come true when the Tenn-Tom opened for business on a hot, bright Mississippi May morning. "People had talked about it all my life," he said, "and I always hoped it would be finished before I died."

"I wanted to live to see the day it was complete, live to see all that work we did play out."

Manuel enjoyed the ceremonies, listened to all the speeches, and applauded all the speakers. But for him the best sight and sound of all was the water lapping gently at the

WAA To Sell Horn Island Installations

Approximately 40 temporary frame buildings at the Horn Island chemical warfare service station are now being offered for sale by the War Assets Administration, it was announced this week.

Buyers must dismantle and remove the structures at their own expense, WAA said. Buildings will go to the highest acceptable bidder, with sealed bids to be opened March 5.

Also being offered are the island's electrical distribution and water systems. Preference is established for persons building homes for veterans or who will use the utilities to service veterans' housing areas.

Mess halls, barracks, warehouses, officers' quarters and other typical military buildings are included in the sale. Many contain scarce electrical, plumbing and heating fixtures that may be salvaged.

Those interested in obtaining special catalogue bid forms should apply to the office of real property disposal, War Assets Administration, 7020 Franklin avenue, New Orleans, Louisiana.
